

Overview Smart Dimensions is a client-focused, flexible, full-service IT consulting firm dedicated to providing timely, cost-effective solutions to Fortune 1000 and Mid-market companies alike.

Established in 1998 and headquartered in Palatine, IL, Smart Dimensions employs highly skilled business and technology consultants, business analysts, and seasoned project managers. In addition, Smart Dimensions has forged business relationships with a few strategic, complementary IT service firms to be able to offer key solutions and specialized resources to its clients.

Smart Dimensions provides an end-to-end array of services for its clients, including strategy development, design, development, integration, implementation, and testing. Smart Dimensions' core competencies are: CRM solutions (e.g., Sales, Marketing, and Customer Service Automation systems), Data Warehousing and Business Intelligence solutions, Digital Authorization and Security Solutions (eSignature-based solutions), and Custom Application Development and Maintenance (Onsite, Offsite and Offshore).

Mission To provide smart business and technical resolutions to our clients complex business issues while maintaining the highest standards, quality and excellence.

Our main focus is to grow, refine our processes and construct the infrastructure necessary for growth whereas maintaining the highest degree of customer satisfaction.
